7.	Dr Tang Min Moon	(Malaysia)
8.	Dr Azura bt Mohd Affandi	(Malaysia)
9.	Dr Ch'ng Chin Chwen	(Malaysia)
10.	Dr Ng Su Yuen	(Malaysia)

Welcome Address

Welcome to our 2015 Mid-term meeting of the Dermatological Society of Malaysia. Having our meeting at the Academy of Medicine is the ideal setting to discuss Evidence-based Dermatology: Finding out the truth in an academic atmosphere.

We are fortunate to have Dr Michael Bigby MD, Associate Professor, Department of Dermatology, Harvard Medical School, Boston, USA as our guest speaker. Dr Bigby is also the recipient of the prestigious Clarence S Livingood MD Award and Lectureship of the AAD annual meeting in 2013. He will guide us to further understand the concepts of evidence-based medicine as a tool to help dermatologists make good decisions about patient care. Examining and interpreting the evidence, then using that evidence to help us make good clinical decisions to help patients is our goal.

At the same time, we must encourage our local pool of dermatologists and trainees to engage into evidence-based dermatology and clinical research. At this meeting our local experts will share their knowledge on the evidence aspects in psoriasis, dermatitis, pediatric dermatology, skin cancers, drug allergies, etc. We have Dr Lim Yen Loo, President of Dermatological Society of Singapore speaking to us on using evidence in managing hospital based patients with severe dermatological problems.

I want to extend a special thank you to the executive committee for all their hard work in putting together this meeting. Finally, a word of special thanks to our guest speakers, local speakers and also our delegates who make this meeting possible.

Dr Henry Foong FRCP Edin
President,
Dermatological Society of Malaysia
